### EMRG Announces Release of Latest NYC Business Directory and Restaurant Directory, a Dictionary of Decadence

New York, NY (PRWeb) December 4, 2006 -- EMRG Media proudly announces the publication of its latest "NYC Venue Guide," a bi-annual business directory for those in need of resources to plan events, special occasions and corporate gatherings in New York City.

When it comes to New York City nightlife, it's all about having the right connections. Luckily, EMRG Media has produced the premiere publication, that's replacing rolodexes from Wall Street to the Upper West Side.

This limited edition business directory contains the latest openings and most buzz-worthy destinations, as well as listings of event spaces, NYC restaurants, bars, lounges and nightclubs to satisfy every taste. Each page contains the location details, private event contact, space capacity and other vital statistics for successful event execution. Every venue chosen for the business directory was decided based on the following components: ambience, décor, size, location, food, quality of service and event planning compatibility.

For weekly launches, EMRG Media's online component, [www.emrgmedia.com](http://www.emrgmedia.com), is constantly updated 365 days a year. So if something is on the immediate radar, from the deliciously anticipated re-opening of Le Cirque to celebrity powerhouses like Butter and Lotus, EMRG Media is always at the top of the list. When planning an intimate client dinner, staff outing, corporate event, charity gala, or launch party, the "NYC Venue Guide" is the solution.
